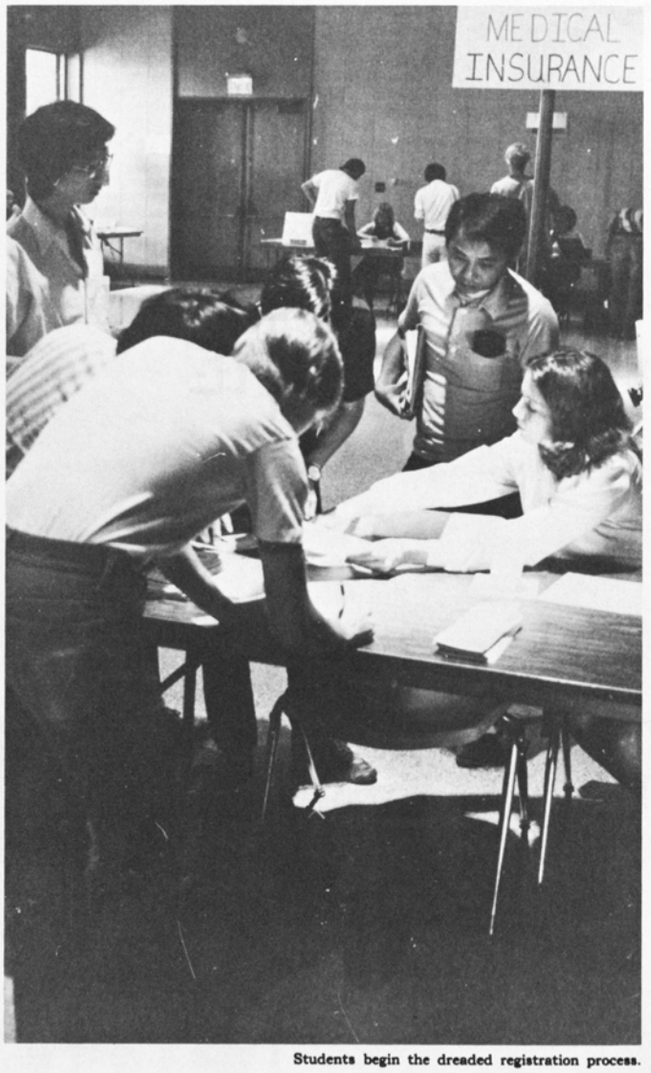
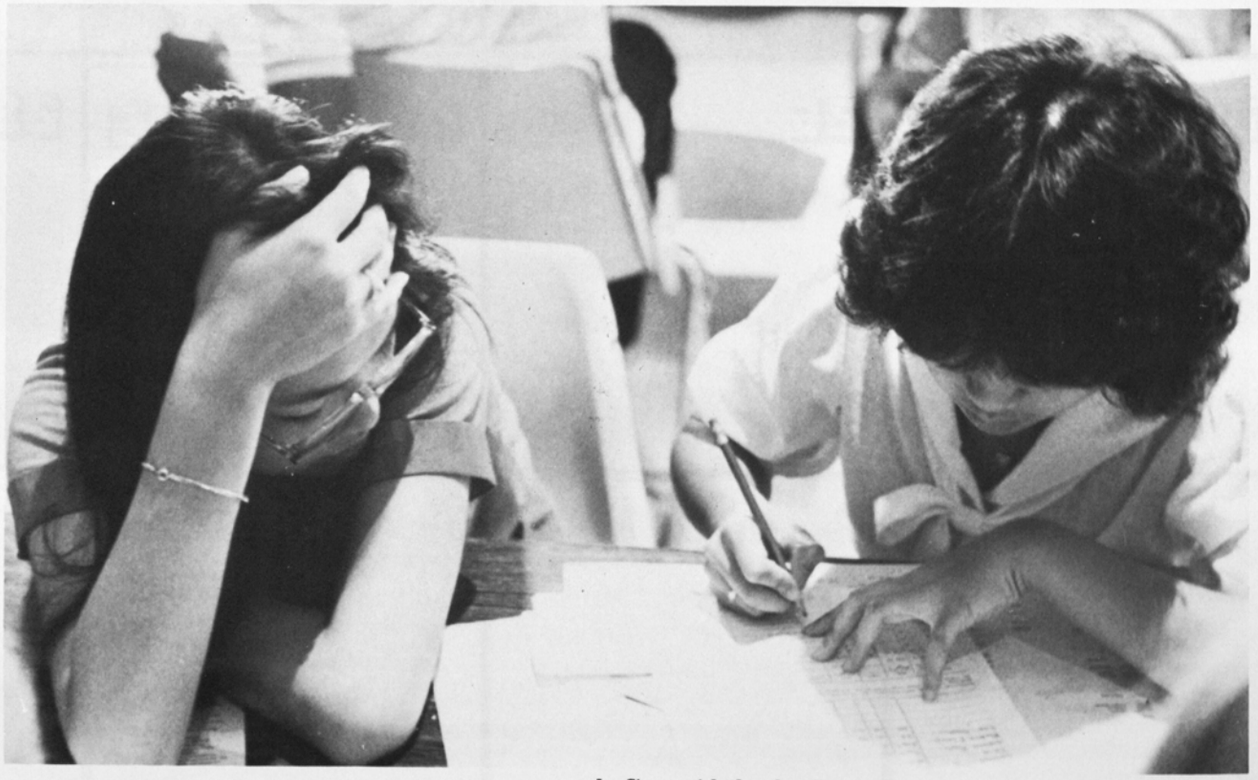
Back to the Books — It's August

August 19 and 20 brought students flocking to University Center-East to register for the fall semester. Students encountered long lines and closed classes in their attempts to sign-up for their favorite classes, but they persevered in large numbers, as the official on-campus enrollment topped 7000. The Registrar's office reported an on-campus enrollment of 7066, with 1773 freshmen, 1357 sophomores, 1433 juniors, 1881 seniors, and 622 graduate students.

Barb Wieland and Dean Robertson await student inquiries.

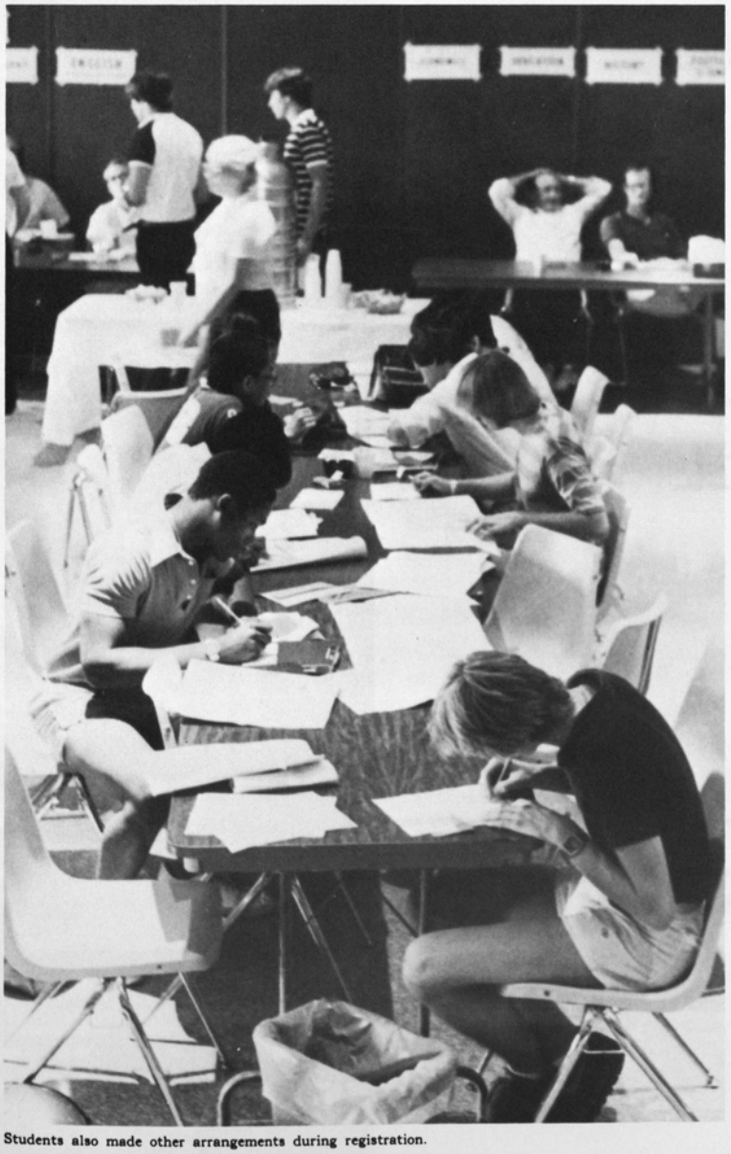


Students begin the dreaded registration process.

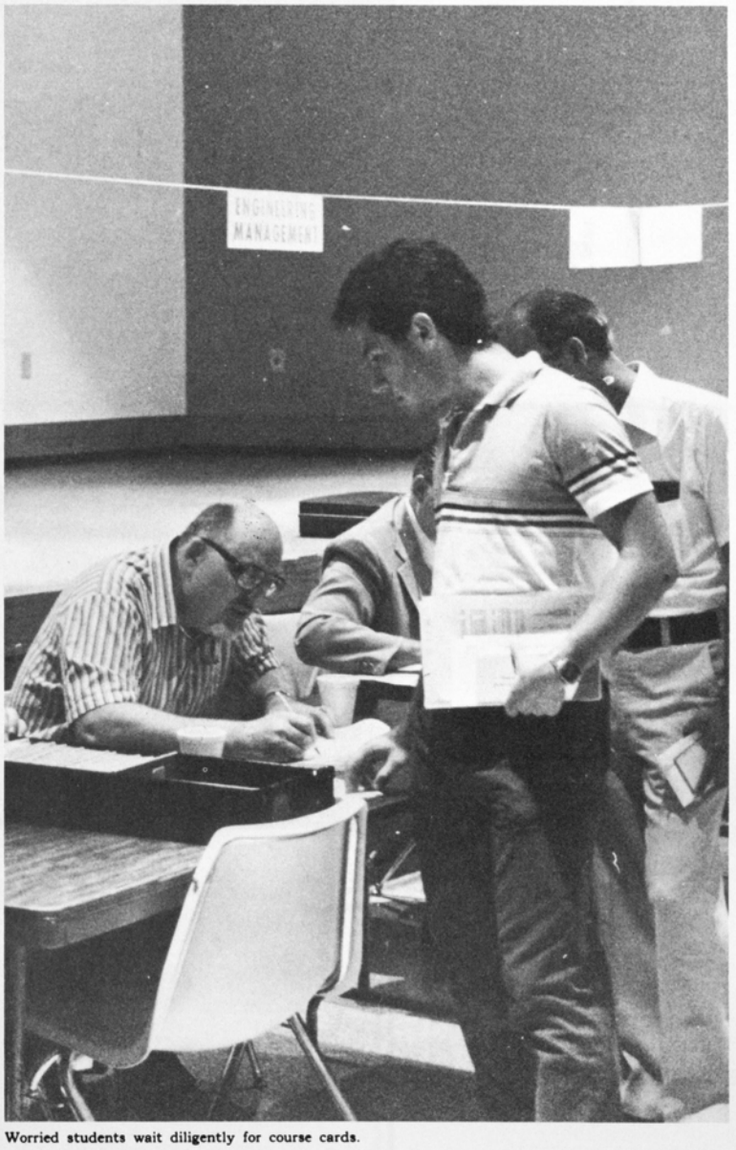


Jen Cheng and Le Lam Lan discover that registration can be a mind-boggling experience.

Friendships are renewed while discussing classes.



Students also made other arrangements during registration.



Worried students wait diligently for course cards.

Independent's Weekend 1982 opened September 10 with a street dance hosted by TEC, MHA, and RHA. Saturday found everyone at Lion's Club for "the Games." Good food and drink were available as everyone cheered on their favorite teams in Mushball, the Keg-Toss, and Chug Checkers. Saturday night, the party continued as Campus Club hosted the Independent's Queen Coronation and Dance.

GDI once again captured the overall participation trophy, while Campus Club won Mushball and the Men's Keg-Toss, TEC captured the Women's Keg-Toss, and GDI dominated the Obstacle Course.

ENGINEERING & SCIENTIFIC ORGANIZATIONS

The student chapters of engineering and scientific organizations are a big part of our campus. As there are more than twenty of these organizations on campus, almost all majors are represented by one or more of these societies.

These organizations serve a variety of student needs. These include: service, friendship, leadership, academic help, insight into ones career, and social functions.

Septemberfest

The spirit of St. Pat's was in the hearts of all who attended the 5th annual Septemberfest, in preparation for the upcoming 75th anniversary of St. Pat's on the UMR campus. Many thanks to the St. Pat's Board for a great pre-"BEST-EVER" party!

Music ORGANIZATIONS

At UMR there are a lot of musically related societies. One reason there are a lot of these organizations is that music is largely related to mathematics. Music and math go hand in hand. Another reason may be that music is said to calm the savage beast. Music provides for relaxation from the "beast", of daily frustration brought on by class-work.

TRIANGLE STREET DANCE

On September 19, *Triangle* fraternity along with *Sigma Nu, Acacia, Lambda Chi, Kappa Delta,* and *Pi Kappa Phi,* held the annual Triangle Street Dance. Island and Victim were the two bands that performed, and according to Jeff Matchette, Triangle's social chairman, "the dance was a complete success. The bands were the best ever, and the first to receive an encore from the crowd at the dance." Everyone there had a good time and look forward to next year's dance.

Island performs for everyone.

Approximately 60 companies were represented September 21, 1982 as UMR hosted its 15th annual Missouri Industry Day at the Multi-Purpose Building. A variety of employers, as diversified as United Telephone, Procter and Gamble, and the United States Air Force, met with UMR students to discuss job opportunities.

The tightening job market brought many students out to explore job opportunities, and company representatives cited an increase in the number of students present.

SUB *presents*

In September, SUB worked overtime to bring two very talented entertainers to the Rolla campus. On September 24, 1982, singer/songwriter Helen Hudson presented her unique show featuring her very own songs and special brand of humor to a captivated crowd.

On September 28, SUB brought Michael Iceburg and his Machine to Rolla. Iceburg's Machine is the result of 13 years of development. With this conglomeration of synthesizers, computers, and other technical devices, Iceburg plays flute, guitar, cello, French horn, and violin simultaneously. Iceburg and his Machine provided the Rolla area with a look at the state of the art in electronic music.

Michael Iceburg encourages the crowd.

G.A.D.

On September 25, several fraternities and a sorority gathered together for their semi-annual G.A.D. project. *Gamma Alpha Delta* (G.A.D.) is a service fraternity that provides volunteer services to those in need. This year, 15 homes belonging to poor or elderly people in Rolla were painted with paints supplied by the city. The project was a great success, and helped to better a lot of people's homes.

Students living in the Quadrangle were invited to spend the evening at an "Old-Fashioned" squaredance. The "Old-Fashioned" squaredance however, turned into an easy going party once the dance started. The turnout was very good, and everyone had a good time dancing and talking with friends. The Quadrangle is sure to have more activities like this in the future.

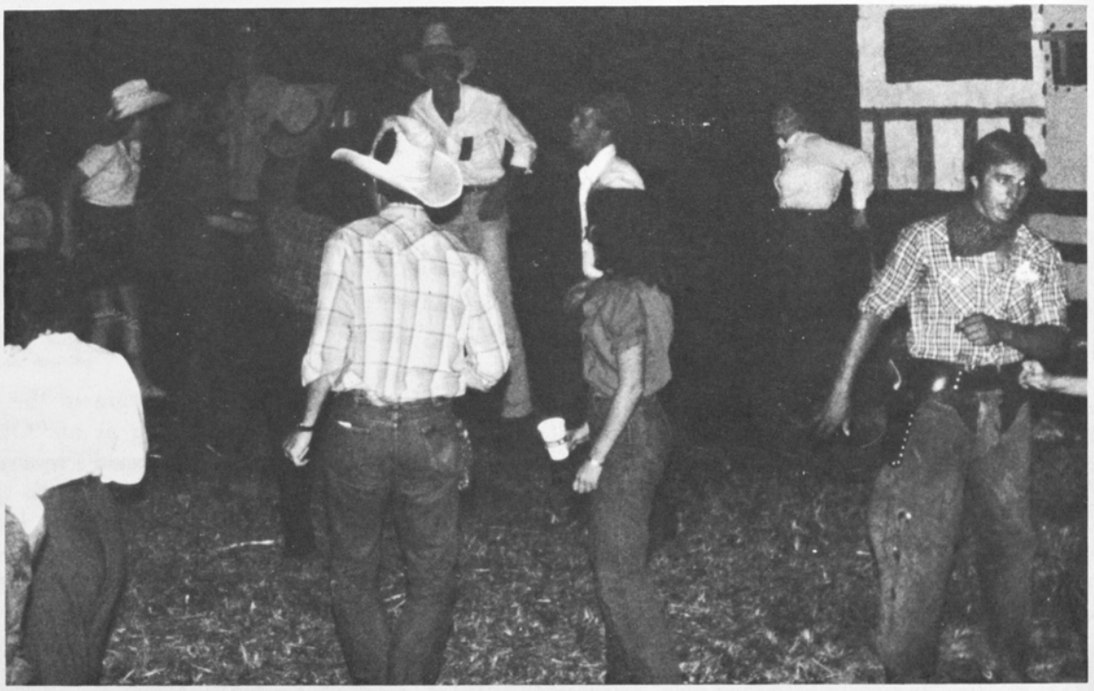
LITTLE SISTER RUSH

As always, little sister rush began with a rash of parties. From coat and tie to boots and stetsons, rushees were snowed with new acquaintances as they went from party to party, trying to make their big decision. While some girls found that little sisters weren't for them, others found friendships that will last well beyond their college days.



There was a good turnout at *Pikes* for the Western Party.

Laura Pagano Reigns Homecoming Weekend

Laura Pagano, a native of Rolla, is a member of Chi Omega and Phi Kappa Theta Little Sisters. She has also been active on the Miner, IFC, Student Union Board, and participating in intramurals. In her spare time Laura enjoys woodworking, needlework, playing the piano, and sports.

LITTLE SISTERS
ORGANIZATIONS

Many of the girls on campus belong to a little sister organization. All most all of the fraternities on campus have these groups. These organizations serve a variety of purposes. They allow our coeds to make new friends, both male and female. The members of the fraternities are often able to help them with their studies. The little sisters sponsor fund raisers for the fraternity, as well as for charities. As well as being helped by the fraternities, they benefit the members of the fraternity in the same ways that they are benefitted.

Parents Enjoy Special Day at UMR

UMR recognized the efforts of the parents as it hosted the Annual Parent's Day on October 16, 1982. Parents were treated to campus tours, the Fieldhouse Feed, and UMR football by the University, and clean rooms and apartments by their children. The pleasant autumn weather made it an enjoyable day for everyone who attended.

At UMR there are many honor societies. Each school and many of the departments have their own society. These societies serve a variety of purposes: They provide recognition for deserving students; many of these organizations have help sessions for their members as well as the rest of the student body; they have activities that help the campus and the community; and as with all organizations, they promote fellowship for people with common ideas and goals.

HOMECOMING DISPLAYS

To add to the homecoming spirit, many fraternities spent hours constructing displays in front of their houses. This year the Miners played the Lincoln University Tigers, and the displays made various cracks about the Miners beating the Tigers.

BAR-B-QUE FOR CHARITY

On Sunday, October 16, *Phi Kappa Theta* held their 2nd annual Fall Festival at Lions Club Park. Nuthin' Fancy and Upbeats, two local bands, provided the entertainment as students relaxed and enjoyed good food and drinks. The proceeds went to benefit the American Cancer Society, and even though they had to compete with the World Series, they still did better than last year, making a profit of over $400.00.

Prospective Students Visit Rolla

High school students from all over the Midwest flocked to UMR October 23, 1982. The Rolla campus welcomed them with an assortment of tours and presentations offered by the various departments. As always, the Ceramic Engineering Department's demonstration proved one of the most popular.

University Day provides high school students and their parents with a chance to visit our campus, and see what it has to offer. It has proved to be popular with prospective students, and will surely continue to be a success.

ΣΦΕ CHARITY BENEFIT

On October 16, *Sigma Phi Epsilon* set up a roadblock to collect for Cerebral Palsy. Actives and pledges work together to collect over $500.00 in one day. They also held a campus wide Halloween Party and several other roadblocks to bring their total contribution to $2284.00

Military Ball 1982

"Indian Summer" was the theme of the Annual Military Ball held October 23, 1982 at the National Guard Armory. The ball, traditionally held in the spring, was held in the fall this year to avoid the conflicts associated with the Spring semester, which helped make the Ball a huge success.

Religious ORGANIZATIONS

All most all religions are represented by a student organization here at UMR. These organizations allow students of the same faith an opportunity to "get together". These groups are important, for one's religion is an important aspect of one's maturing. These organizations are not just spiritually oriented. They provide people with the same beliefs with a common bond as well as providing their members with academic and social activities.

The haunted house was a great success, and the brothers of *Pi Kappa Phi* look forward to doing it again next year.

UMR Theatre presents

UMR students took to the stage in November to present William Marchant's classic comedy "The Desk Set." The play, set in the 1950's, provided a look at the effect of computers in the business world at that time, and the opposition they met.

Bunny Watson (Terri Decker), and her able assistants Sadel (Michel DePriest), Peg (Angela Murch), and Ruthie (Jackie Miller), run a productive department, but Richard (Carl Goetz) and his assistant, Miss Warriner (Julie Sexton), threaten to upset the office with a recent technological development, the computer.

Thanks to the efforts of all the actors, technical staff, and Margie Boston, director, the play was a success.

AKA Ball

On November 23, 1982, *Alpha Kappa Alpha* held their first annual Anniversary Ball. Following a party at Holiday Inn, eight male candidates who were chosen according to their outstanding achievements at UMR were introduced as the court. Mr. Richard Truelove was chosen *Mr. Xi Delta* of *Alpha Kappa Alpha* and everyone is looking forward to next year's ball.

SUB Sponsors Student Activities

In November, the active Student Union Board continued in its gallant effort to serve all students by offering two diverse opportunities to the student body. In early November, SUB sponsored a Blood Drive in conjunction with the American Red Cross. November 30, they brought classical guitarist Neill Archer to the UMR campus. Both events were well-received.

KMNR Celebrates 10th Anniversary

An enjoyable evening

On November 19, 1982, radio station KMNR celebrated ten years of service to the Rolla area. The student-run FM Stereo station has long been a favorite with UMR students. The station gives UMR students a chance to go on the air with the type of music they want to play, which provides for an interesting and exciting mixture of music.

ONCE AGAIN, A GREAT SEASON

For the second straight season, the University of MO-Rolla football team has finished second in the MIAA. UMR finished the season with an 8-3 record, and a 3-2 record in the MIAA.

The team captains for this past season were Bob Pressly, defensive MVP, Dennis Pirkle, offensive MVP, and Todd Fizer.

Defensive end Ricky Caruthers paced all defenders, with a season-high 19 tackles and two quarterback sacks. Linebacker Todd Fizer also ended his season on a high note, turning in 15 tackles.

Offensively, Randy Shed ended the season as UMR's top rusher, with 505 yards and two touchdowns. Sophomore fullback Mike Schafer came on strong near the end of the season, gaining 444 yards and scoring eight touchdowns in only eight games.

Pirkle ended his Miner career with another impressive season, connecting on 118 of 203 passing attempts. For the second straight season he paced the MIAA in passing percentage and was intercepted only 10 times. He threw for 1,255 yards and 11 touchdowns.

Split end Dave Stephens ended his UMR tenure as the team's top receiver, grabbing 41 passes for 537 yards and three touchdowns. Also having a fine senior season was place kicker Craig Thomas who connected on 26 of 28 extra-point attempts and five of eight goal tries. Thomas ended his career as the top extra-point converter in MSM-UMR history, and tied the record for career field goals.

Women's Cross Country Makes UMR Debut

The team was young and small this year, but "being the initial year for the program, we were fortunate to have a runner of Jan Hierholzer's ability. It helped make the year exciting," commented Coach Sarah Preston.

By placing in the Invitationals that the team ran in, they were able to make themselves noticed. The team placed second at the Miner Invitational, and third at Washington University's Invitational, which was won by Jan Hierholzer. The Miners won a trophy at this Invitational. In addition, they placed fourth at SIUE's Invitational.

Jan, who was the MVP for the team, finished third in the MIAA. Also, she was eighth in the South Central Region and eventually managed to win four meets for the UMR women's cross country team.

Jan finished the season with a great spark for the team when she qualified for Nationals. Nationals were held in St. Cloud, Minnesota and had some very unfortunate weather. The girls had to run in ankle deep snow and in 15 degree temperatures. Fortunately, the weather did not prevent Jan from doing well.

Coach Sarah Preston hopes to have an even better second season with the returning runners and the newcomers.

YOUNG AND STRONG

The men's cross country team has "a lot of potential that has yet to be tapped," stated senior Dave Moore. With only one graduating senior, almost all of the runners will be returning. Dan Ray, Andy Knudsen, and Bruce Berwick are three strong freshman that will be returning. Also returning are Jeff Peterson and Pete Lichtenwalner, two of the most consistent runners this season.

Jeff Peterson set the school record at the Southwest Missouri Invitational. At the Miner Invitational, the course record was broken by Pete Lichtenwalner, Jim Bullard, and Jeff Peterson. Jeff Peterson was voted MVP.

Dave Moore sees the season as being successful. Overall the team lacked consistency, where a runner does not do too bad even on his off days. "It's a young team that has a lot of potential with a little work," Dave commented.

VARSITY SOCCER SETS HIGH GOALS

UMR's women's varsity soccer team had a very good first season and can only see many more excellent seasons in the future. The team was very young in 1982 but has "much to look forward to in 1983," remarks Coach Paul McNally. He plans to bring to the team "many strong young women for next season."

The women finished the season with 4 wins, 6 losses, and 1 tie, which does not speak for itself. Going against UMSL, one of the top teams in the nation, and SIU-Edwardsville, another well-known team, the women did very well. The one tie in the team's record was against SIUE when the Miners held them to a 1-1 tie on the Miner's home field. This was one of the women's last games of the season and showed the tremendous improvement in their ability, being that they lost their first game of the season 3-0 against the same opponent.

Chris Waeckerle, the team's MVP for the season, was second highest scorer of the season with 4 goals, 3 of which were penalty kicks. Offensive player Jan Wilkerson led the season with 5 goals. Lisa Frumhoff led the season in the goalkeeping department with 64 saves, permitting only 15 goals against her while producing 3 shut-outs.

Team co-captains for the season were Cari Vitale and Pauli Fitzgerald.

The women's varsity soccer team had a very good first season, which "set the foundation for a strong women's program," states Coach McNally.

TEAM GETS BETTER AND BETTER

Finishing another strong season, the men's varsity soccer team ended with 11 wins, 7 losses, and 3 ties. It was a "pivotal year for the men's team," says Coach Paul McNally.

The men tied against UMSL, which led them to the final four of Division II. In addition, they had a 2-1 victory over Indiana State at Evansville's field, which was a big win for the Miners. The men's team has been able to make its mark on a national scale and has also made a name for itself on the Division II teams. In the MIAA, the UMR men's soccer team finished second. The men were ranked fourth nationally for 1 week and sixth nationally for 2 weeks.

Mike Shillito, the MVP, along with Andy Carpenter and Scott Jaskowiak led the team's scoring division, all having 5 goals for the season, with co-captain Steve Svoboda following closely with 3 goals. Tom Kinney, the Miner's other co-captain, led in assists with 5, with Mike Shillito and Scott Jaskowiak each having 4. Bill Cowie led in the goal keeping department with 62 saves, having only 14 goals against him, and 5 shut-outs for the season. Finishing the season very well were Chris Generous, Mike Shillito, and Bryan Dickerson, as all three made first team all conference.

The men's team has been looked upon highly by many people for "doing as well as they did, considering that the schedule was the second strongest in the western region," according to Coach McNally. The men look forward to an even stronger and better season next year.

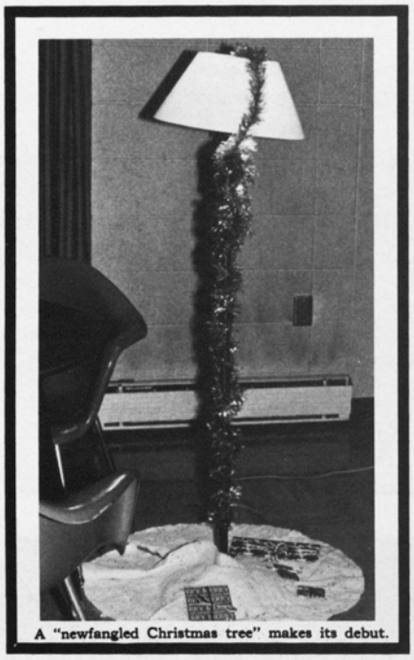
HOLIDAY HAPPENINGS



A "newfangled Christmas tree" makes its debut.

Students living in the Quadrangle and Thomas Jefferson added to the Christmas spirit by competing in decorations contests. Doors and rooms were decorated with lights and garland, as well as posters which expressed the holiday cheer. Prizes were given to the winners, and the decorations helped to brighten life up in the housing units.

Long a popular talent on this campus, John Biggs played to a jubilant crowd. His songs and stories, along with his expertise on the guitar and banjo, charmed the audience, and left them wishing the evening would never end. His popularity with UMR students was certainly justified that evening.

STRONG SEASON

The men's varsity basketball team had a very productive season this past year finishing with 14 wins and 12 losses. The Miners took a consolation finish in the Evangel tournament and third place in the Emporia classic.

All-Conference guard Rickie Cannon, co-captain along with Rob Goodenow, lent a hand in the scoring charts this year as he lifted his average to 14.6 points per game. He won a "Player-of-the-Week" award.

"Rickie started out slowly for us, but has really brought his game around," commented UMR head Coach Billy Key. "He has been giving us tremendous play in the backcourt and provides the element of senior leadership that is so important to a young team like ours."

Leaving his name all over the school's score book is the Miners' MVP, Curtis Gibson. Curtis broke the school's scoring record against Lincoln on February 5 by scoring 43 points in a single game. He led the team in field goals with 196 and a percentage of .523 per game. He led in rebounding with 188 rebounds and an average of 7.8 rebounds per game. He also led in points overall with 491 and an average of 20.5 points per game. In addition, Curtis led in steals with 30. He also received a "Player-of-the-Week" award in the MIAA and jumped to second in the league's scoring average.

"Curtis is doing a tremendous job for us on both ends of the court," remarked Coach Key. "He works so hard, it rubs off on all the players around him. He is a real leader."

Stan Shuemaker led the team in free throws with a percentage of .880 followed closely behind by Rickie Cannon who had a percentage of .721 for the season. Stan also paced the team in assists with 55.

Guard Todd Wentz was in the double figure mark for the first time in his UMR career, averaging 10.2 points per game by the end of the season.

Coach Billy Key was very pleased with his team's performance this past season. "They never give up - they'll win a lot more games before their careers here are finished."

LADY MINERS HANG IN THERE

"The team played much better basketball than last season," remarked Coach Cathie Schulte. "Although the record doesn't indicate it, we did improve over the season. We just ran into some very tough competition in the MIAA with CMS, who was ranked number 2 in the nation, and SEMO, who was also in the top 20."

The Lady Miners finished with 7 wins and 16 losses. They took third in the Thanksgiving tournament at Evangel. Also, they played well against William Woods and Southwest Baptist in December. Two strong games were played against NWMS even though they eventually lost. Being able to play strong against these schools was an accomplishment for the team. The Lady Miners had a 6-3 record before January. However, competition began to pick up after that.

Laurie Behm, co-captain along with Barb Howard, was fifth in the nation in free throw percentage against Division II schools with a percentage of .828. Laurie also led the team in total points with 204 and an average per game of 9.3. In addition, she had the most free throws in two games with 8 against the School of the Ozarks. Gail Halsey was voted MVP. Leading the team in rebounds with 147 and an average of 7.0 per game was Stacey Stover, who also led in most rebounds in two games when she had 15 against Evangel. Terry Bond had the most points in one game, against Lincoln with 26 points. The Lady Miners had 77 points against Southwest Baptist for their high score.

The Lady Miners look forward to an even stronger and better season next year.

YOUNG WRESTLERS IMPROVE

The wrestlers finished the season with a 6-7-1 dual record, third place in the MIAA conference, and fifth place at the Midwest Regional Qualifying meet. According to Coach Keaton, "It's as good as we've done in major competition."

The losing dual meet record is indicative of the number of schools that have discontinued their wrestling programs. Many of those schools are of the same level of competition as UMR. In order to expand, the wrestlers have had to travel further, such as to Indiana and Wisconsin. Even so, the teams being wrestled have "moved up in the caliber of competition" says Coach Keaton. Comparatively, the only other engineering school on the schedule, Rose Hulman Institute of Technology, was defeated by the Miners 40 to 10.

The team has improved since last year. Even with the tougher schedule, there were five wrestlers with more wins than the team leader had the previous year. Compared to his 11 wins, Greg Schoenberg had 19, Jim Siekmann had 18, Scott Chalmers and Chris Colona had 15, and Jeff Maddex had 13. Greg Schoenberg, who was voted MVP, also set a school record of most 2 pt. Near Falls with 33.

Next year looks to continue the improvement trend. With only two wrestlers leaving, eight out of the ten will be returning. The schedule will again be upgraded to include at least four Division I schools. Coach Keaton believes the wrestlers "want to go against the best to see where they are at. But they have it in perspective, they know they are in over their heads." He hopes wrestling people in Division I schools will prepare the team for Division II Nationals.

SNAKE INVASION

The first week of March brought the invasion of snakes to the UMR campus. But, there was no cause for alarm, for our dutiful freshmen were on hand to rid the campus of these creatures in preparation for St. Pat's visit.

Shillelaghs and walking sticks could be seen all over campus, as these ambitious young men and women put endless hours into this worthy effort.

Much appreciation should be shown these valiant crusaders for their part in the preparation of the UMR campus for the annual visit of St. Pat.

Follies Week

The week preceding Spring Recess is filled with activities in honor of St. Pat's Day. Many of these activities take place on the Hockey Puck in the form of the Follies. Various organizations compete against one another in such contests as the Greenest Person, Most Buttons on a Sweatshirt, and the Oldest St. Pat's Button. A lot of time and effort go into the Follies competition and every entry adds to the spirit of St. Pat's.

Coronation and Knighting

The most formal ceremony of St. Pat's occurs Friday night with the Knighting of all Honorary and Student Knights and the Coronation of the Queen of Love and Beauty. Hours of work on the part of the St. Pat's Board transformed the Multi-Purpose Building into a ceremonious hall for the festivities which were to take place there. The culmination of the evening was the crowning of the 1983 Queen of Love and Beauty, Miss Terri Sherrill.

Beautiful floats, talented area bands, and entertaining entries such as the Shriners held the attention of the onlookers for over an hour. Kids from 9 to 90 enjoyed every minute of the always popular parade.

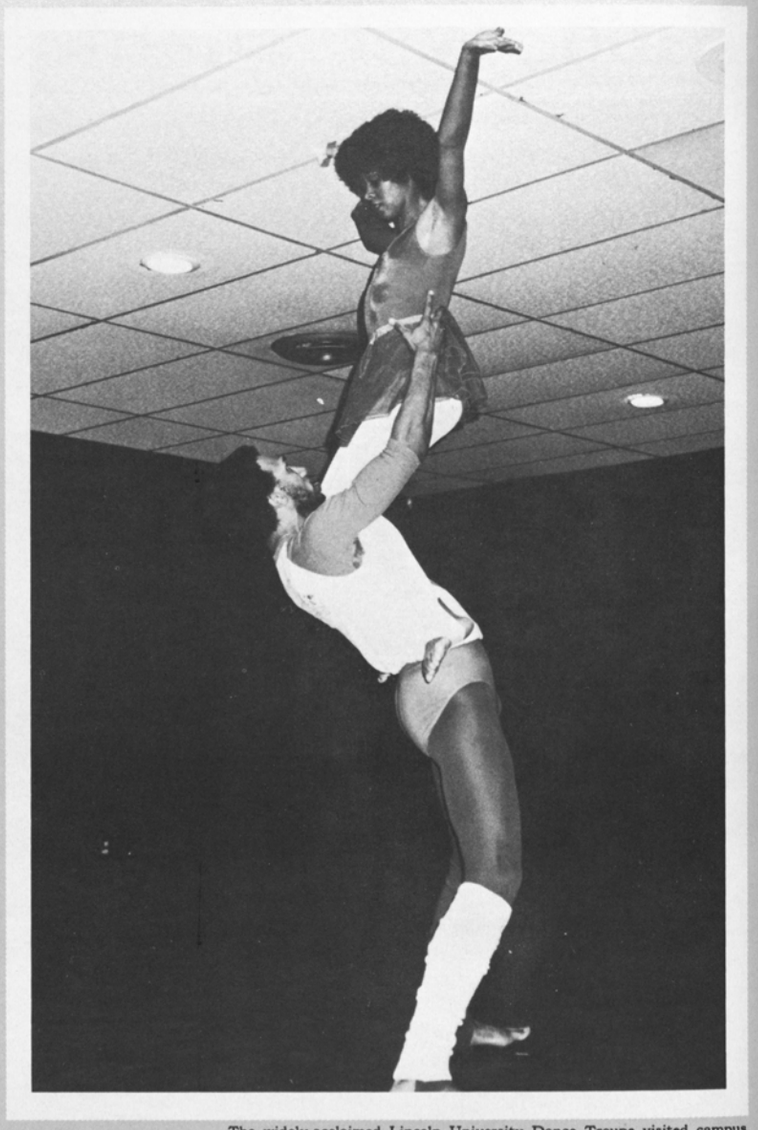
Black Awareness is Key

March 25 through March 31, 1983 marked the observance of Black Culture Week on the UMR campus. The annual event, sponsored by the Association for Black Students, was the end result of six weeks of planning. A committee of members from each of the nine black organizations on campus planned the informative and entertaining week centered around the theme "Black Collegiates' Impact on the '80's." Lectures, social gatherings, and cultural performances were scheduled throughout the week. Lecturers from around the state included Dr. R. V. Edwards, chemical engineering professor from Case Western Reserve University in Cleveland, Ohio, who was visiting UMR, Dr. Janet Kelly from Lincoln University in Jefferson City, and Dr. Otis Jackson, assistant provost at UMC.

Many students took a moment to study before Dr. Otis Jackson's lecture.

St. Louis sculptor, Robert Powell, brought his exhibit to UMR.



The widely-acclaimed Lincoln University Dance Troupe visited campus.

Nobel Laureate Visits

Amid a peaceful demonstration by concerned UMR students, Dr. William Shockley, one of the inventors of the transistor, visited the UMR campus. The 1956 Nobel Prize-winner for Physics was brought to campus as part of the Harry William Lee Porth Distinguished Lecture Series in Engineering to discuss the transistor. However, concerned students protested his appearance on campus, because Shockley is also widely known for his research in genetics. Shockly refers to his studies as "dysgenics", and places blacks, epileptics, and the mentally afflicted among the genetically disadvantaged whose excessive reproduction he feels is retrogressive evolution. It was this genetic research which the UMR black student population objected to and the factor behind their peaceful demonstration.

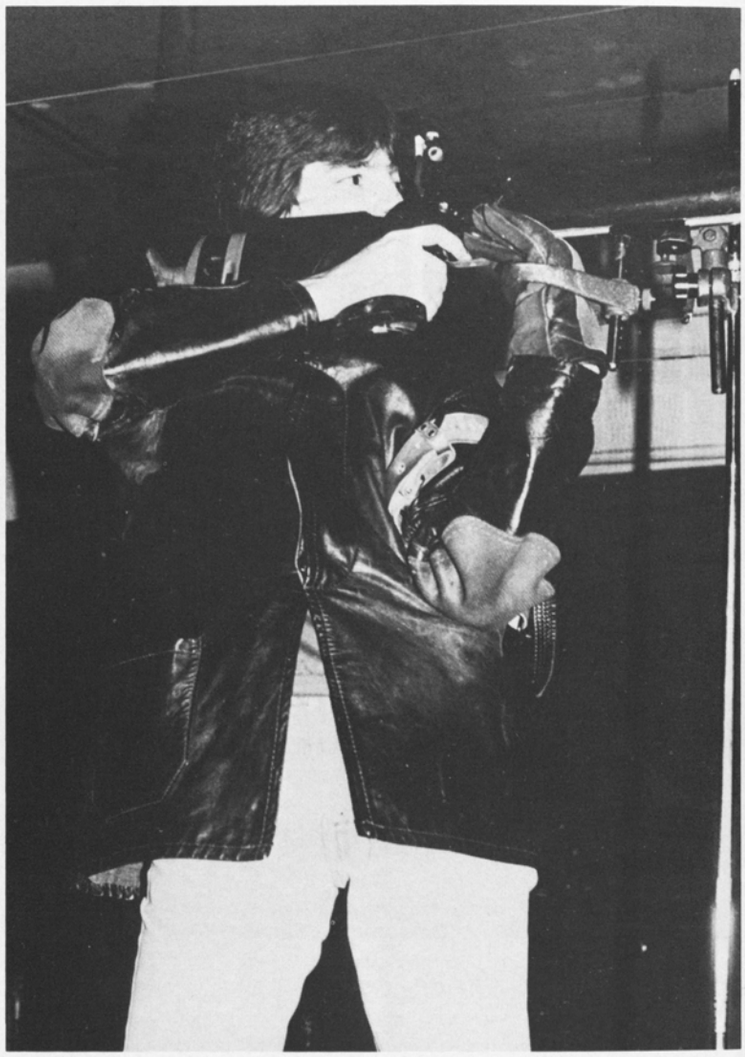
RIFLE TEAM TAKES SECOND

Question: What UMR varsity team defeated UMC to qualify for a Big 8 Conference Championship at which they took second place? Answer: The UMR Rifle Team.

The rifle team was selected to attend the Big 8 Conference Championship by taking first place in the newly formed Missouri Intercollegiate Rifle League (MIRL). The MIRL is designed to cut down on travel expenses by providing a league to shoot in that is close to home. Besides the league action, the team attends Invitationals at different places in the country. It was at Xavier University that the team received 4235 points out of a possible 4800 points, the highest score the team has earned since 1974.

Scoring differs depending on the type of match held. If it is one-half course, each member of the team takes 20 shots in each of the three positions, prone, standing, and kneeling at one - half of the full court distance. Ten shots will be directed toward each target. There are twelve 'bulls' on a target, with the center two for practice. The remaining ten are judged for how close the bullet came to the bull's-eye. A maximum of ten points is possible per shot. When shooting one-half course, a team of four could conceivably shoot 2400 points. At full course, a team member faces four targets at each of the three positions. A possible team score would be 4800.

According to Sgt. Radford, there is "a lot of competition" for the varsity squad. When a person tries out, he is automatically on the junior varsity squad. If he reaches a certain average score, he can move to one of four varsity positions. This year 28 people tried out for the team.



Ready to shoot from the standing position, Bob Valbracht concentrates on his point of aim.

SWIMMERS DEFEAT DRURY

The swimmers finished the season with a 3-5 record and a 9th place finish at the NCAA Div. II Nationals which Coach Pease says is "realistically the best we've ever done." The reason the dual meet record does not reflect the team's potential is because they swim a number of Division I teams and defending MAIA champion Drury College.

For the first time in 19 meets against Drury, the Miners overcame them. The meet was held in two sessions, with the Miner swimmers going home from the first session just a little bit behind. It was the middle of the afternoon session when they started pulling ahead. The victory seemed clinched by a battle during the 1650 between the Miner's Ken Pettry and Drury's Tim van Wormer. The 1650 is a race over 17 minutes long where a person usually wins by a lot or loses by a lot. Ken Pettry was slightly behind Tim van Wormer at the 1200 mark when he pulled out ahead and hung in for a surprise finish. Dave Rose summed up the team's feelings: "It was the first time in ten years, it just felt good to beat them."

Nationals did not go as well for the swimmers. Although they qualified 12 swimmers and finished second in their history only to the 1977 team, Coach Pease felt that they could have done better. "They were emotionally unprepared and got shut out on the first day," Coach Pease explained. "It's a credit to them that they did so well." The medley relay team of Aria, Coon, Wisdom, and Hovater swam to a 7th place finish and the highest place ever for a UMR relay team.

Greek Week filled with Activities

Greek Week was filled with activities almost continuously. Happy Hours with the Gads were scheduled nightly at various night-spots in Rolla, and the days were filled with a variety of events. Tuesday's activities included a Bar-B-A at Lion's Club and the Idi-Odysseys throughout the afternoon. Panhellenic sponsored the Mini-Olympics at Fraternity Row Wednesday, and the IFC held their Benefit Movie at the Rolla Drive-In Wednesday night. Thursday, the activities continued with the Idi-Odysseys at the Hockey Puck.

The events scheduled throughout the week provide a chance for Greeks on campus to relax and get to know one another better, as well as participate in some friendly competition. Hours of hard work and excellent planning on the part of the IFC Reps make Greek Week possible, so here's to the Men and Women of the IFC.

ΠΚΑ FUN RUN

Members of *Pi Kappa Alpha* once again organized their Annual Fun Run, which was held on Sunday, April 24th. Runners young and old took to the streets as members of *Pi Kappa Alpha* along with those of another Rolla organization stood along the route to make sure everyone was alright. Refreshments were served at the finish line.

Runners get off to a good start.

Runners raise their hands as they happily near the finish line.

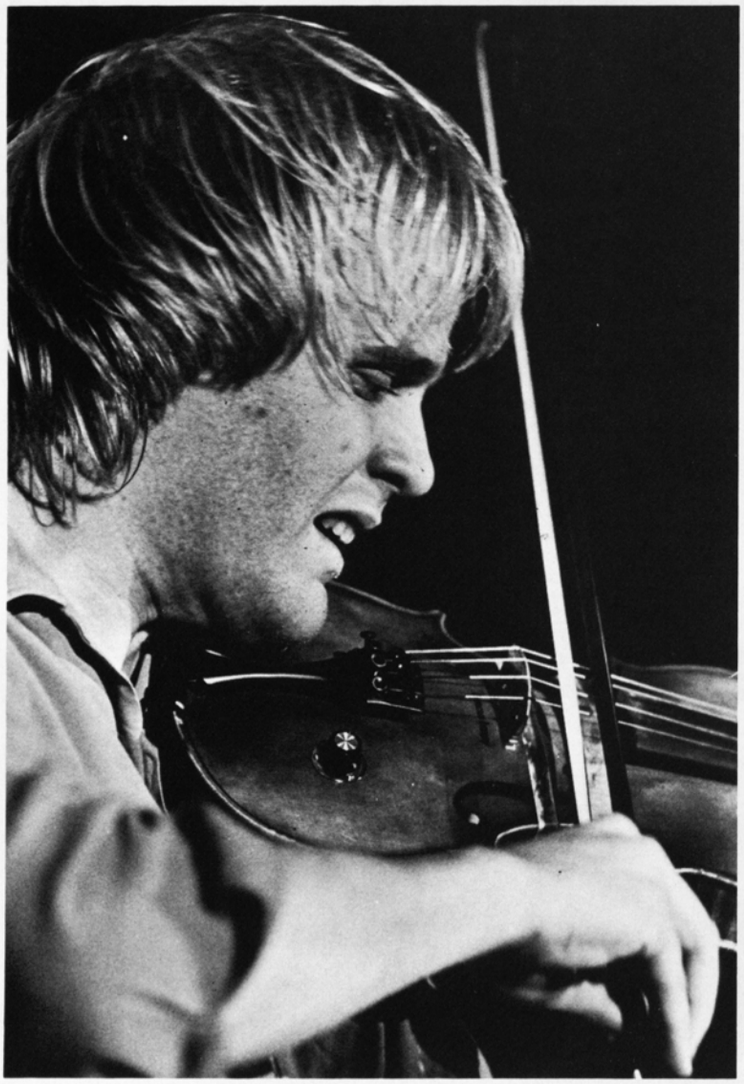
The younger runners anticipate the start of the run.

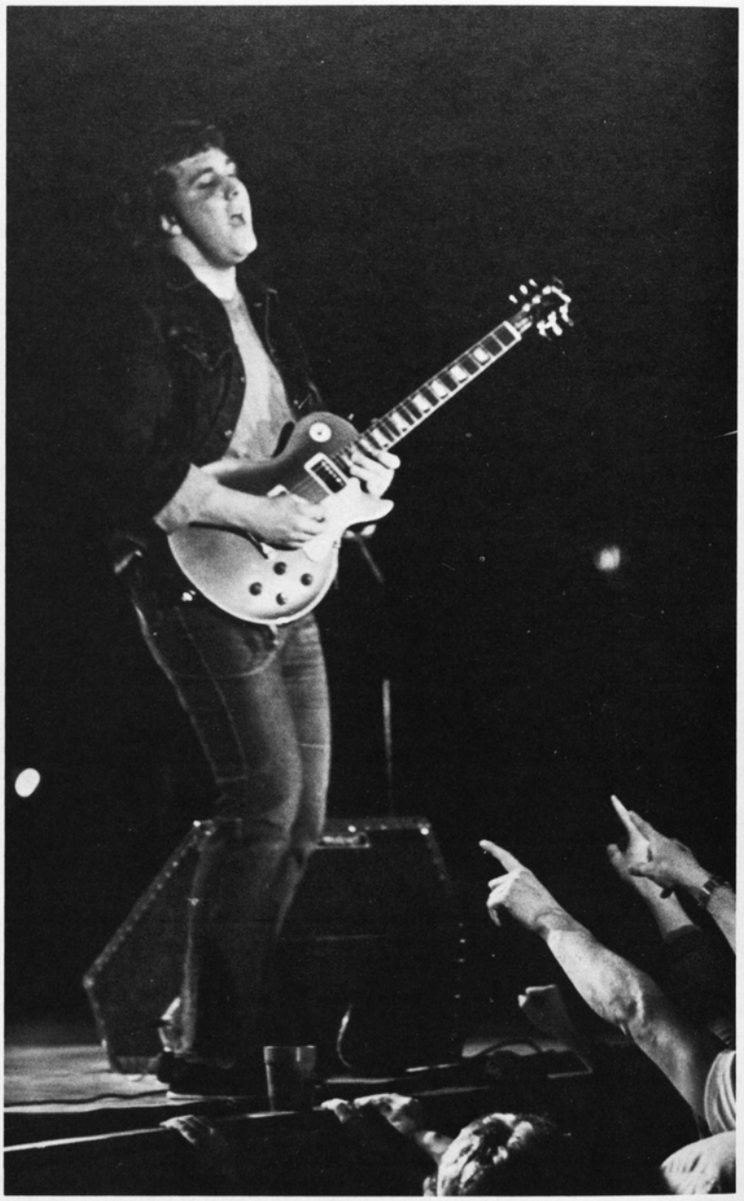
Participants fill out entry blanks.

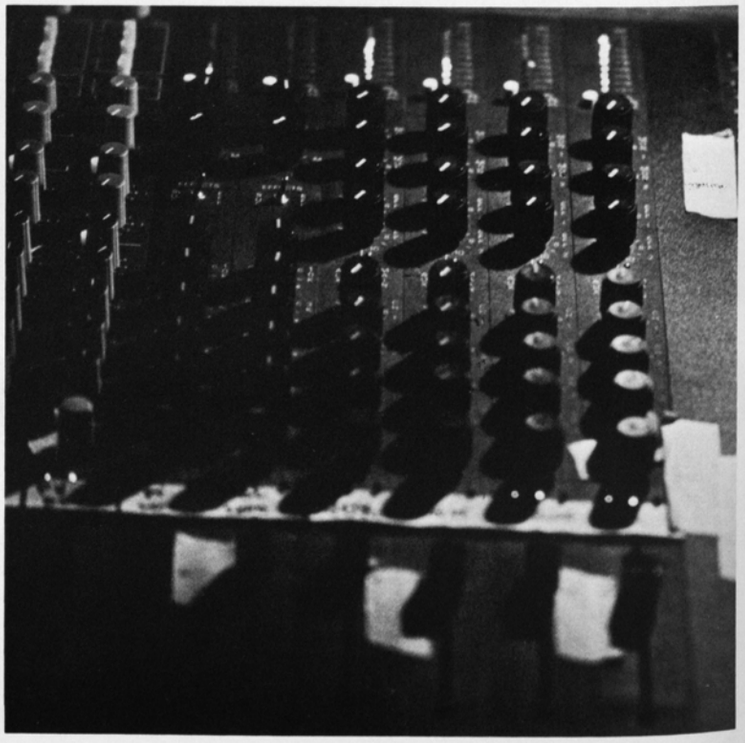
Glad to cross the finish line.

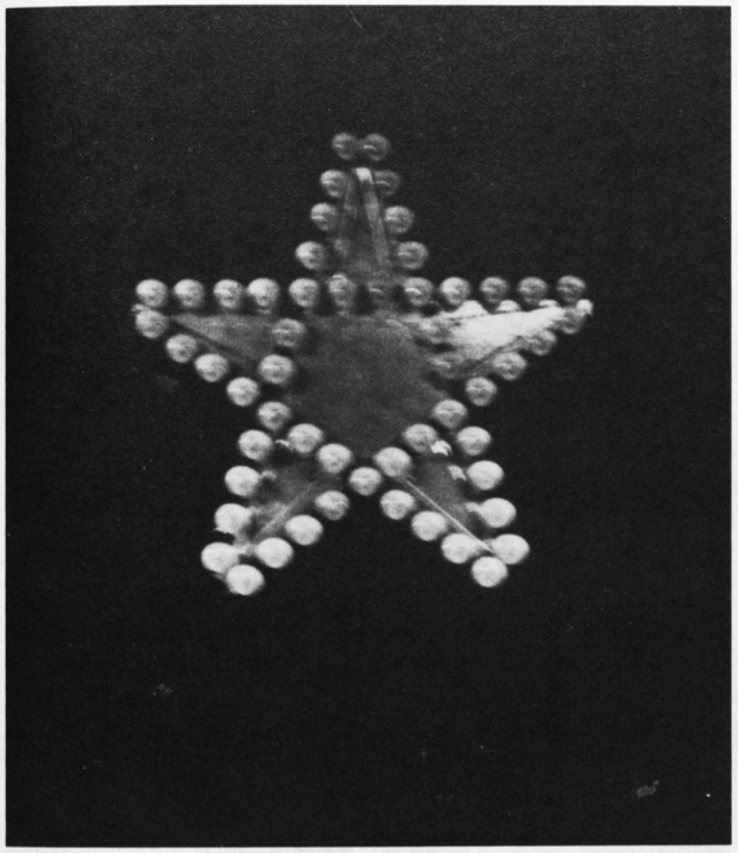
SHOOTING STAR

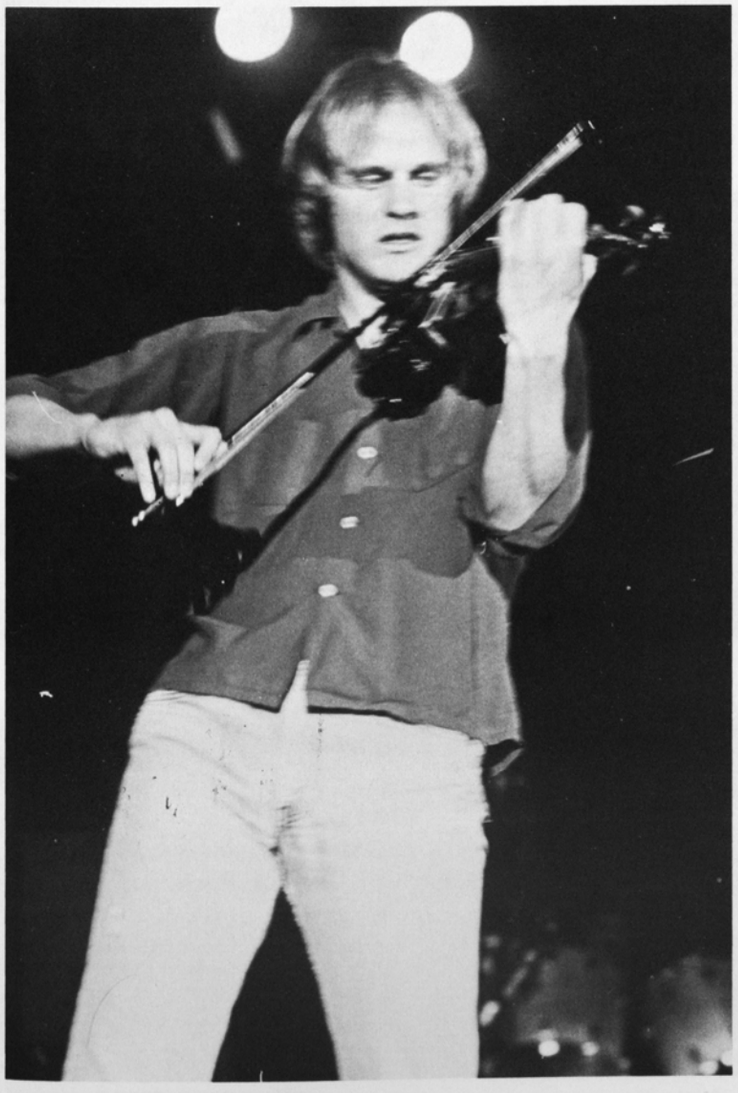
SUB's Concerts Committee brought Shooting Star to Rolla for the Greek Week Concert. The free concert was held Saturday, April 23, at the Bullman Multi-Purpose Building. Shooting Star's last appearance on the UMR campus was for Homecoming 1980, and this year's concert proved as successful as their previous visits.





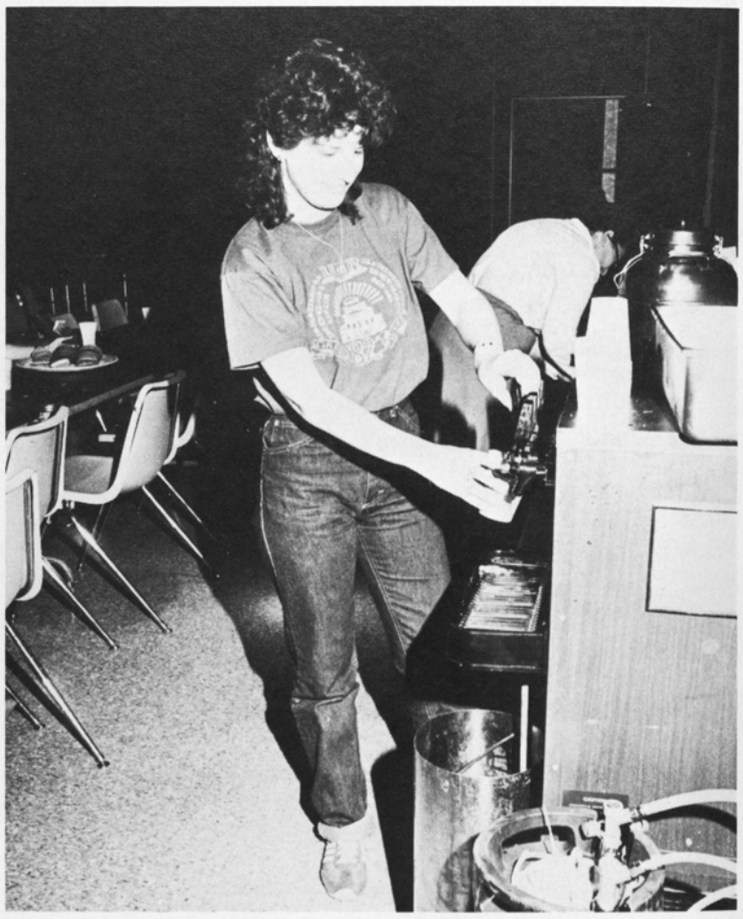




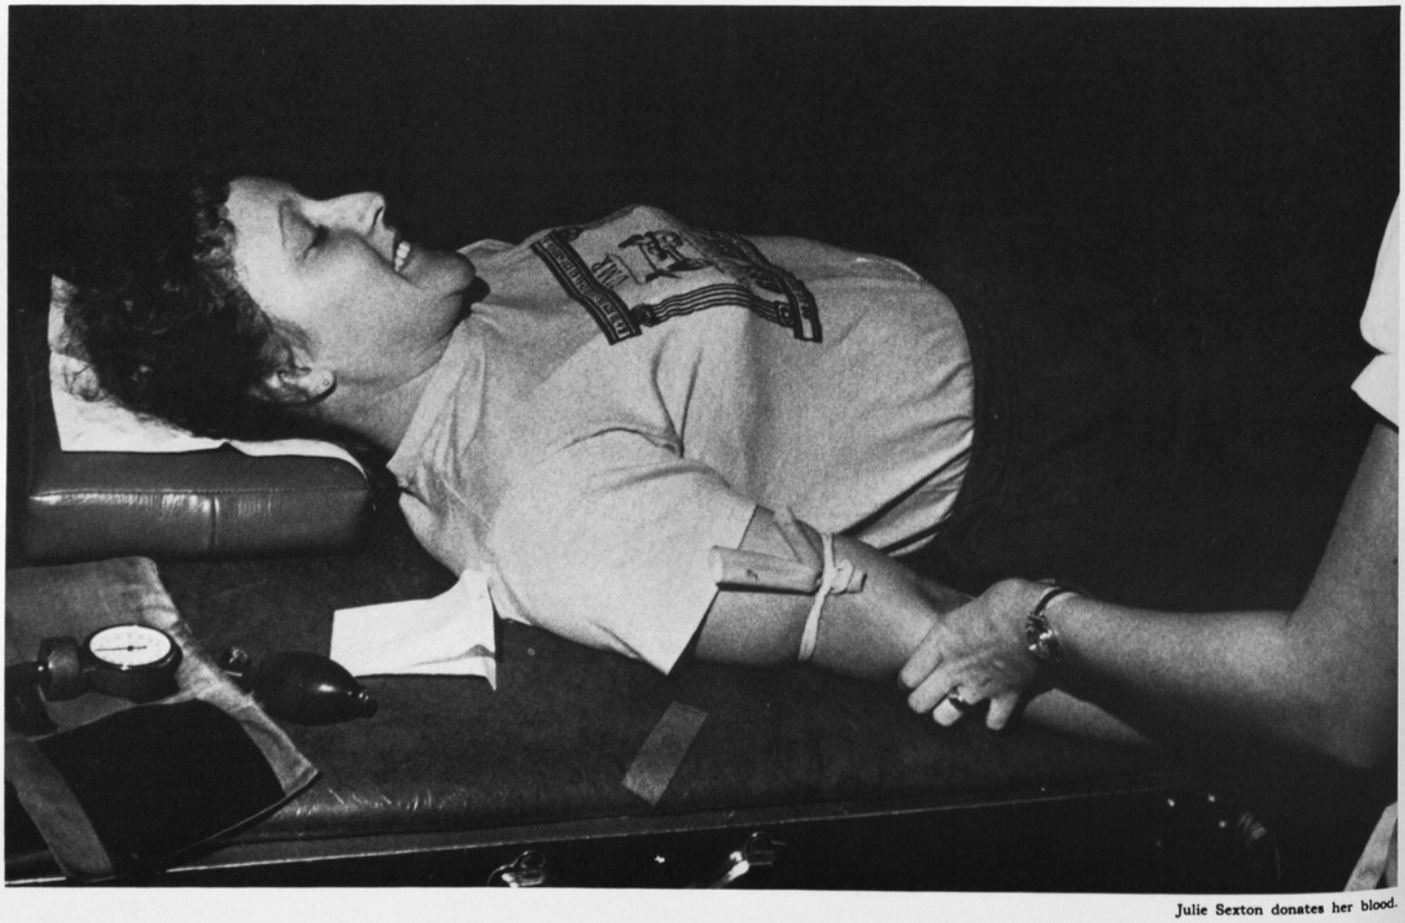


SPRING BLOOD DRIVE

In April, the Student Union Board sponsored its spring Blood Drive in conjunction with the American Red Cross and once again UMR students turned out to support this worthy cause. SUB sponsors Blood Drives throughout the year and this is but one example of the ways in which SUB and the entire student body serve the Rolla area.



Free refreshments help donors recuperate.



Julie Sexton donates her blood.

Scott Jones in Concert

SUB brings many talented performers on the college circuit to Rolla, and Scott Jones is no exception. His April 29 performance contained something to please almost anyone. His singing, piano playing, and humor left everyone pleased to have attended. Hats off to the Student Union Board for a very successful year.

Singing is only one of the talents Scott Jones brought to Rolla.

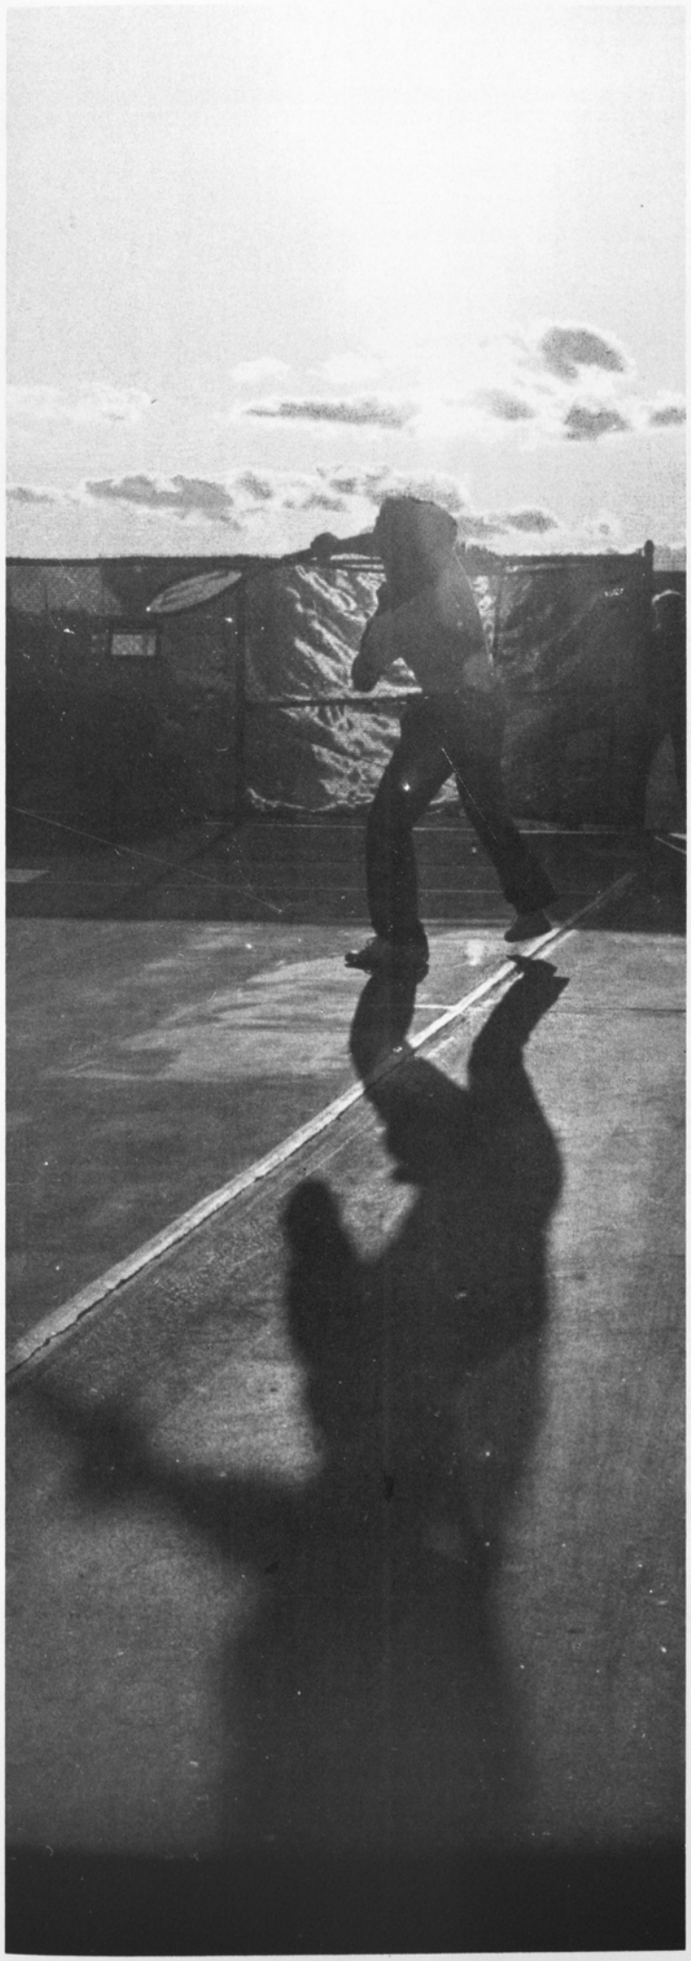
MEN FINISH FOURTH

The men's tennis team finished the season with a fourth place finish in Conference, the best they have done in four years. Jeff Sacre and Steve Cornell took third in #3 doubles. Joe Blandina at #3 singles, Dave Bruner at #4 singles and Paul Isakson at #1 singles all took fourth place. The #2 doubles team of Joe Blandina and Dave Bruner also captured a fourth place finish. This was accomplished with the absence of Jim Teste and Rob Brinkmann, the #1 and #2 players.

According to Coach McNally, "The MIAA in men's tennis competition is extremely competitive." The top three schools in the conference, Northeast, Northwest, and Southeast regularly have people ranked nationally. Coach McNally sees the UMR men's tennis team gradually becoming more competitive in their conference.

While a season record of 4-7 looks dismal, senior Dave Bruner views it differently. Even though the team lost to the top three schools in the conference, "we still did better against them than in the past," he explained.

In tennis, like most of the other sports at UMR, the players come first to attend a good engineering school and second to play their sport. Dave Bruner explained, "I like playing competitive tennis. It's an opportunity to play a lot of good people."



WOMEN LOOK UP

The women's tennis team has changed in one small aspect since last year. This change may be the beginning of a successful women's tennis program of UMR. "This is the first season we never had trouble getting six people to go to a match," explained #1 singles player Lorna Platt. In previous years the small amount of participation limited the success of the team.

Coach McNally sees Lorna Platt, Laurie Behm, and Jenet Wicke as three major contributors to the team. Lorna Platt he sees as showing "competitiveness and the most consistent performance." Laurie Behm has proven to be the most successful player. In the #2 singles spot she took third at the MIAA conference and combined with Lorna Platt, took fourth. Laurie was voted MVP.

Because of the success of Lorna Platt and Laurie Behm at Conference, the team defeated UMSL and scored the first points ever for UMR at an MIAA Conference. "The limited success at conference may be a pivotal year to a little more success for the women's team," states Coach McNally.

The team also believes next year may bring more success. Coach Schulte will be taking over the women's team. "I heard she wants to have two a day practices," Lorna Platt exclaimed. "She'll be hard nosed and we won't like it at first," explained Janet Wicke, "I think we could do really good next year."

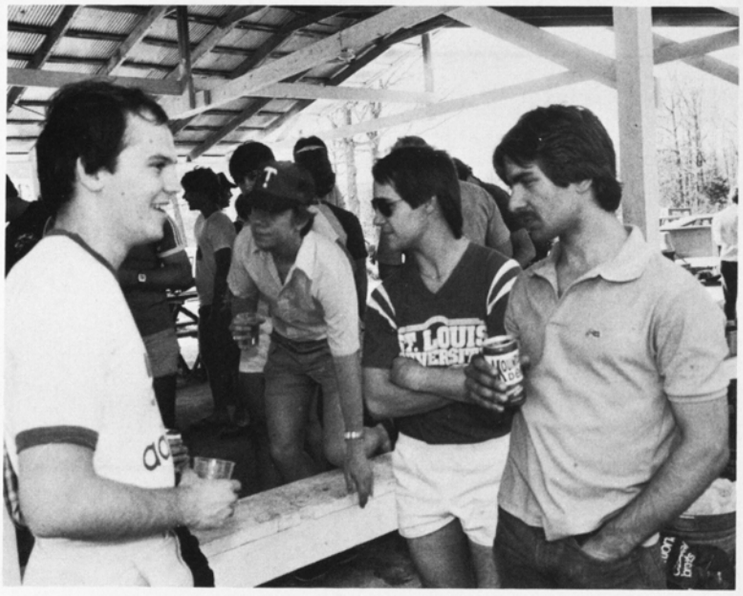
Met Students Relax at

After the official end of classes May 6, the Metallurgical Engineering Department took the afternoon to bid each other farewell until next fall. This annual event has become a favorite for the students in the Met. Department, giving them a chance to see their professors and classmates once more before the summer.

This afternoon, held at Lion's Club Park, is jointly sponsored by the Met Society, the Met. Department, and the American Foundry Society. In addition to all the usual amenities of such outings, the Met. Department prepares their famous hamburgers, affectionately known as "Met-Burgers" or "Fred-Burgers", after Dr. Fred Kisslinger of the Met. Department.

Everyone enjoyed the sunny weather.



Jim and his guitar entertained Lorna and Darren.

Brad Lee pitches on his home field while Kevin DuBondt plays third.

RAIN, RAIN, RAIN

"A game would get rained out," explained junior pitcher Gene Meyer, "so it would be rescheduled. We'd wake up in the morning and call Coach to see if we would play. He'd tell us to call back later, so we'd call back again. He'd tell us it was cancelled, to try back again tomorrow." The baseball team faced more rain than they did opponents; the season ended with 24 games being played instead of the 40 that were scheduled. Season records were also bad as a consequence of the rain. The pitchers were wilder than they should have been, and the batters were not as good as they could have been. But then practices were hard to run when the first base line was 4 to 5 inches under water between showers.

Occasional bright spots were found in the season. Bill Foege and Brad Lee combined to pitch a 3-hitter that shut out Springfield 1 to 0. Before the Miners defeated them, Springfield had been on a winning streak and had been batting .376 as a team. The Miners also did well against UM-Columbia. The opposing pitcher had a .72 ERA. The Miners had no errors in the game and senior Craig Thomas got a hit with two outs in the bottom of the ninth.

D. J. Steagall was voted MVP. He played first and batted .397 as a designated hitter. D. J. Steagall, Gary Schnettgoecke, Steve Phegley, and team leaders Craig Thomas and Kevin DuBondt are all seniors and will not be returning. The remainder of the team will look toward a drier season next year.

"A veteran team along with some talented newcomers paced the transition for the first season of competition in the MIAA at the Division II level. Because of the increased difficulty of the schedule, the win-loss record often did not reflect the improvements. Several Miners enjoyed stellar individual performances with two all-conference selections leading the way," commented Coach Sarah Preston.

Four girls from the Miner team were ranked high compared to other MIAA players. Carmen Baker, receiving MIAA player of the week once, was ranked sixth with 27 hits and an average of .350. She was ranked third with 16 runs batted in and fifth with 7 stolen bases. Diana Miller was ranked ninth in hitting with 23 hits leaving her with an average of .329. Diana was eighth in runs scored with 13 and second in stolen bases with 9. She was also ranked third in doubles with 3. Cecilia Gutierrez had a very good season also, ranking second in runs scored with 19, third in stolen bases with 9 and 5th in triples with 3. Anita Tikey, co-captain with Judy Redel, was seventh in runs scored with 15 and seventh in runs batted in with 12. Leta Judd had a very good season even though her record does not show it. She was ranked eighth in strikeouts, ending with a 5 wins, 10 losses record for the season.

The girls ended with a 7 win, 14 loss record. Next year the team plans to be able to put all of the talent together and really excel.

SMALL BUT STRONG

Although the team consisted of very few people this year, they put on a good show for UMR.

Kent Dinsdale, the Miners' MVP, took first place this year in the UMR Best Ball Tourney by setting a record with his performance of 64, which was the team's highlight of the season.

Not only did Kent make a good show at his home golf course, but he went to the NCAA Nationals. The team finished third in the MIAA and hopes for an even better season next year.

DISCUS THROWER QUALIFIES FOR NATIONALS

The UMR track team presented a strong finish at the MIAA outdoor conference meet. Mark Galliardt became the first weight man from UMR to qualify for Nationals. He broke the school record by 14½ feet in the discus. Outstanding performances were also turned in by John Borthwick with a second place finish and a new personal record in the 800 meter, two relay teams, Chris Henry in the pole vault, Tim Schoenecker in the 400 meter, and Rick Welsh in the 400 meter intermediate hurdles.

The track season is broken up into an indoor and an outdoor season, each with its own MIAA Conference meet. UMR does not have an indoor track, but travels to attend meets at schools that do. On one such trip to Northern Iowa Rick Welsh set the school record in the 70 yard high hurdles. At the MIAA Indoor Conference Meet, Pete Lichtenwalner and the mile relay team of Phil Taylor, Dave Millman, Ike Ilopuiaife, and Tim Schoenecker turned in strong performances.

The outdoor season was not without its high points. A Triangular between UMR, Southwest, and School of the Ozarks produced what Coach Dewey Allgood declared was "the best effort all year by the people. They just got nudged out by Southwest." A Quad meet at Jefferson City was the site of the first defeat of Lincoln University by UMR. The Drake Relays produced some outstanding results. The 1600 meter relay team of Tim Schoenecker, Ike Ilopuiaife, Dave Millman, and Rick Welsh finished 16 out of 57. The 4 mile relay team of Pete Lichtenwalner, Dan Marley, Bob Sauer, and John Borthwick finished strong, with John Borthwick running a 4:16 mile.

Pete Lichtenwalner was voted MVP for the indoor season and Mark Galliardt was voted MVP for the outdoor season. Since the team is only losing Rick Welsh and Chris Henry, Coach Allgood says, "If we can find a pole vaulter and a hurdler to replace them, I expect the team to be very competitive next year."

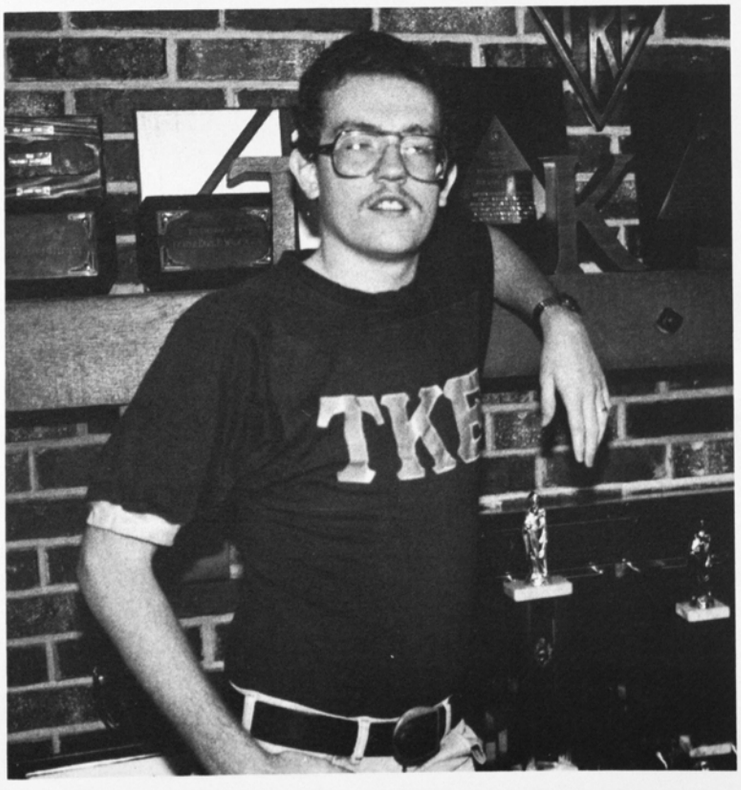
WHO'S WHO

This year's edition of WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES will carry the names of 15 students from UMR. These students have been selected as being among the country's most outstanding campus leaders. Nominations were based on their academic achievement, service to the community, leadership in extracurricular activities and future potential.

HILDE HUMMEL

Hilde Hummel is from St. Louis. She graduated from UMR with a degree in Metallurgical Engineering. While she was in school she was actively involved in Zeta Tau Alpha (Vice-President), UMR Coop Association (Secretary), Little Sister of Tau Kappa Epsilon (President, Historian), Tau Beta Pi (Secretary, Treasurer), Intercollegiate Knights, Student Union Board, RHA, Blue Key, Metallurgical Society, Foundrymen's Society and Alpha Sigma Nu.



GREG SEDRICK

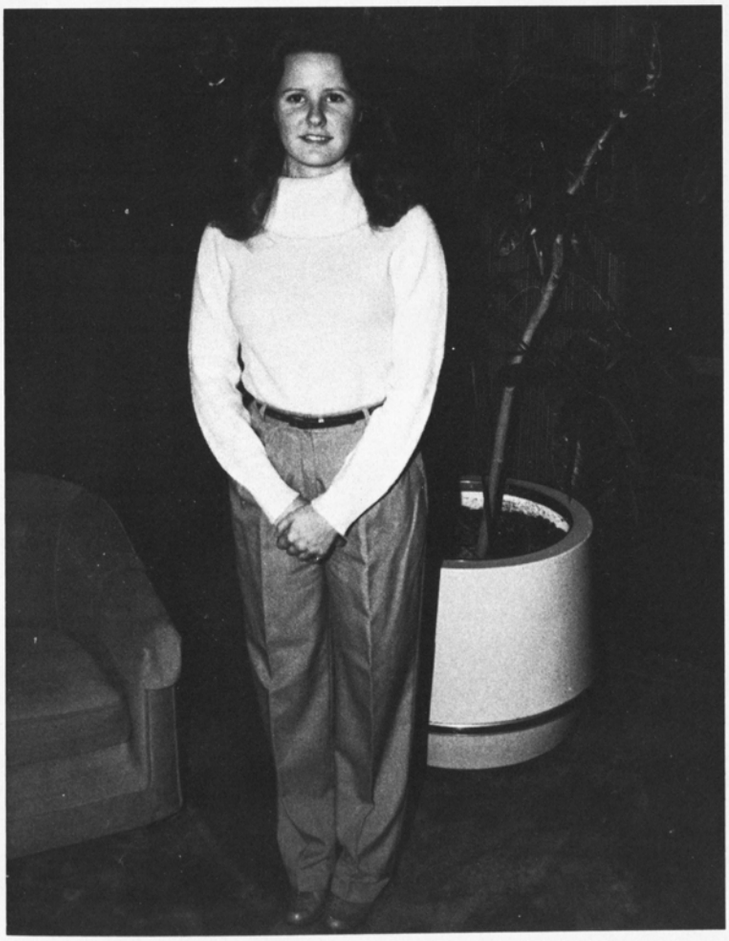
Greg Sedrick is an Engineering Management student who is from Fronha, MO. He was involved in Alpha Phi Omega (Vice-President), American Society for Engineering Management (President, Vice-President), Am. Assoc. of Cost Eng., Intercollegiate Knights, Missouri Miner, Tau Kappa Epsilon, JOY Lutheran Group, Blue Key, Institute of Electrical and Electronics Engineers, and a St. Pat's Knight.

CHRIS NOONAN

Chris Noonan is a graduating Electrical Engineer from St. Louis, MO. Chris was actively involved in the Missouri Miner (Editor in Chief), Beta Chi Sigma (Treasurer), Eta Kappa Nu (Treasurer), Phi Kappa Theta, Phi Eta Sigma, Tau Beta Pi, Blue Key, Institute of Electrical and Electronics Engineers, and a St. Pat's Knight.

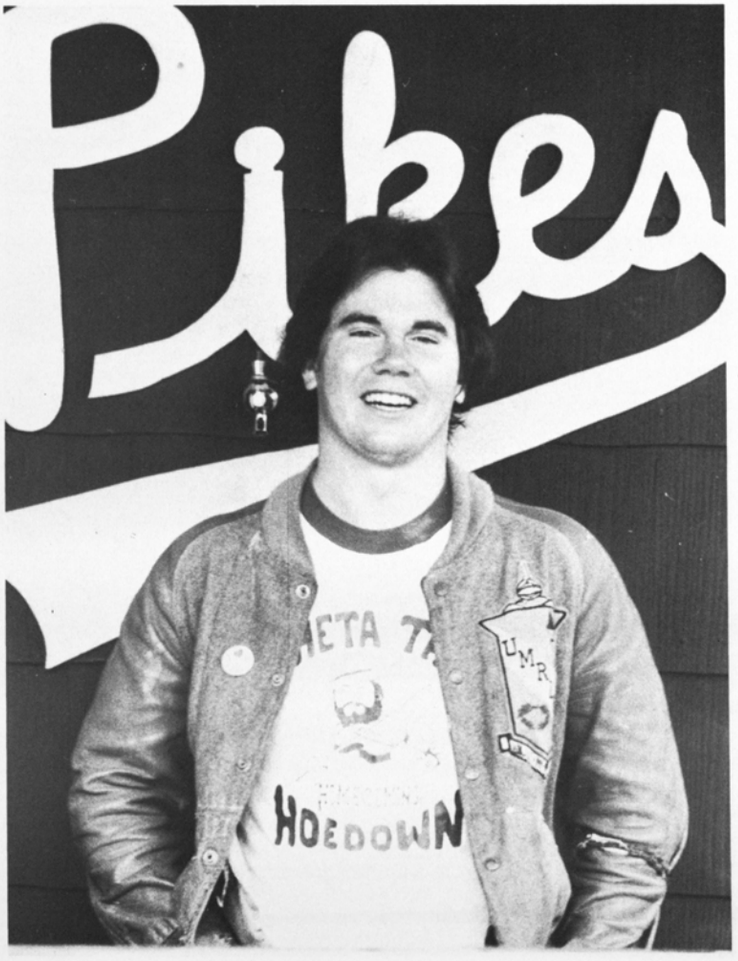
KIM SIGNORINO

Kim Signorino, an Engineering Management student, is from St. Louis, MO. She was involved in Student Council (Vice-President, Secretary), Little Sister of Kappa Alpha (Rush Chairman), Alpha Phi Omega, Zeta Tau Alpha, AICHE, ASEM, ASHRAE, and a member of Society of Women Engineers.



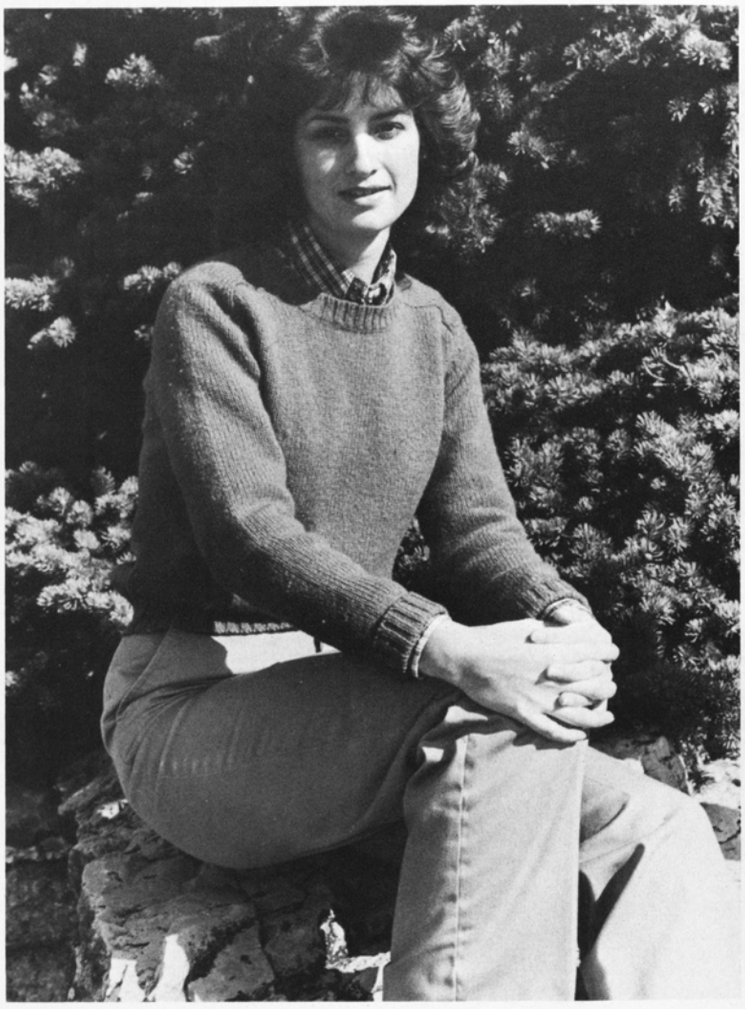
MIKE MOLINE

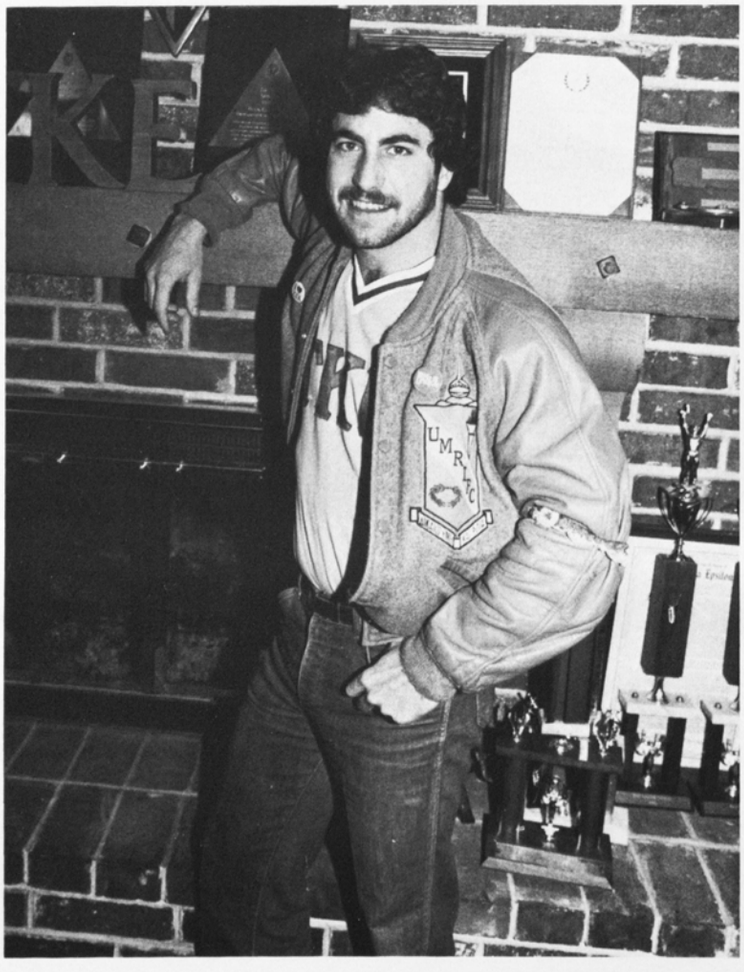
Mike Moline is an Engineering Management graduate from St. Louis, MO. He was actively involved in Theta Tau Omega (Corresponding Secretary), Pi Kappa Alpha (President, Vice-President, and House Manager), Interfraternity Council (President), Student Union Board, Blue Key, AICHE, American Society of Engineering Management, and was Zeus for Greek Week.



CATHY LALLY

Cathy Lally is an Engineering Management/Metallurgy major from Grandview, MO. She was involved in Zeta Tau Alpha, Pi Kappa Alpha Little Sisters, Student Union Board, Blue Key (Secretary), Student Council (Secretary, Vice-President, and President), The Society of Women Engineers, The American Society of Engineering Management, Wesley Foundation, Newman Center, and was Homecoming Queen in 1979 and 1980.



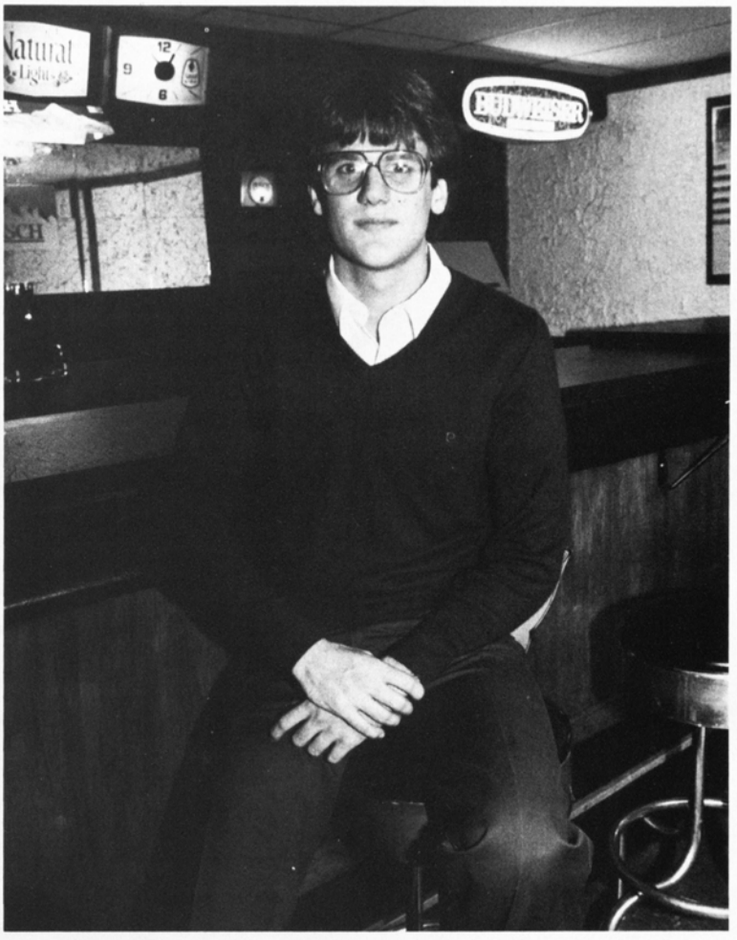


BOB HELIGMAN

Bob Heligman is an Electrical Engineer from St. Louis, MO. Here at UMR he was involved in Tau Kappa Epsilon (President), Interfraternity Council (President), Alpha Phi Omega, Intercollegiate Knights, Blue Key National Honor Fraternity, The Institute of Electrical and Electronics Engineers, and Theta Tau Omega Professional Engineering Fraternity.

DARYL SECK

Daryl Seck, from Shawnee, KS, was involved in Phi Kappa Theta, Student Council (President, Vice-President), Missouri Miner (Business Manager), Blue Key (President, Vice-President), Alpha Phi Omega, Phi Eta Sigma, and Eta Kappa Nu. He is an Electrical Engineer.

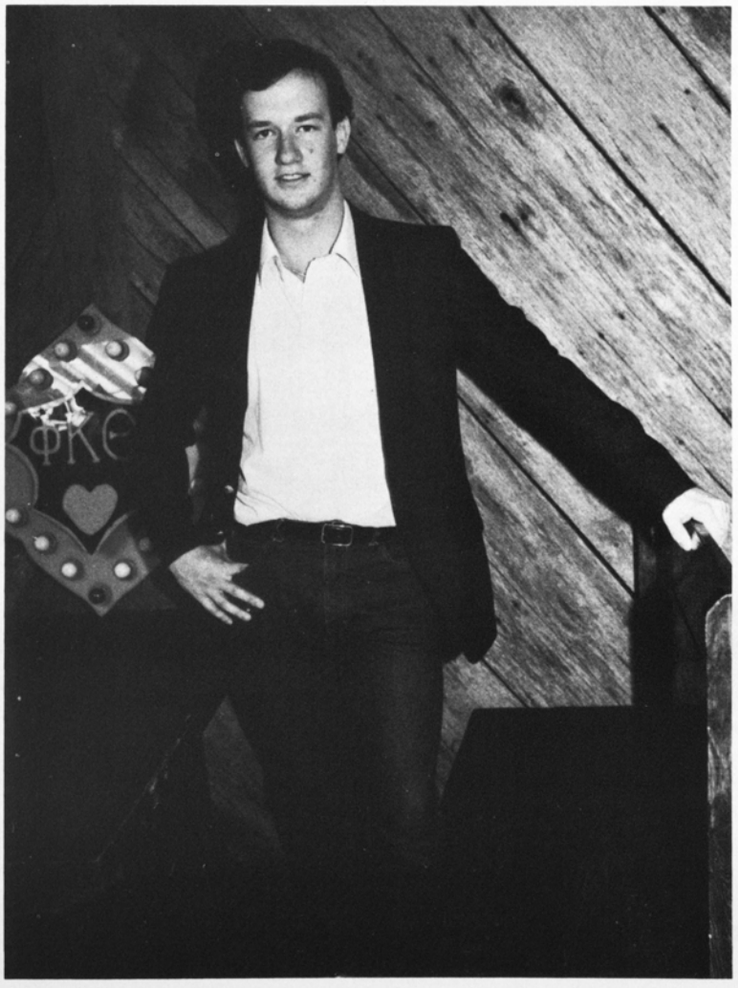


BARB WEILAND

Barb Weiland, from Eldon, MO, is a Chemical Engineer. While she was at UMR she was involved in the American Institute of Chemical Engineers (President), Omega Chi Epsilon (Vice-President), Blue Key (Vice-President), Pi Kappa Alpha Little Sister, UMR Miner, Phi Eta Sigma, Tau Beta Pi, Newman Center, TJHA, and a student Research Asst. for the Chem. E. Dept.

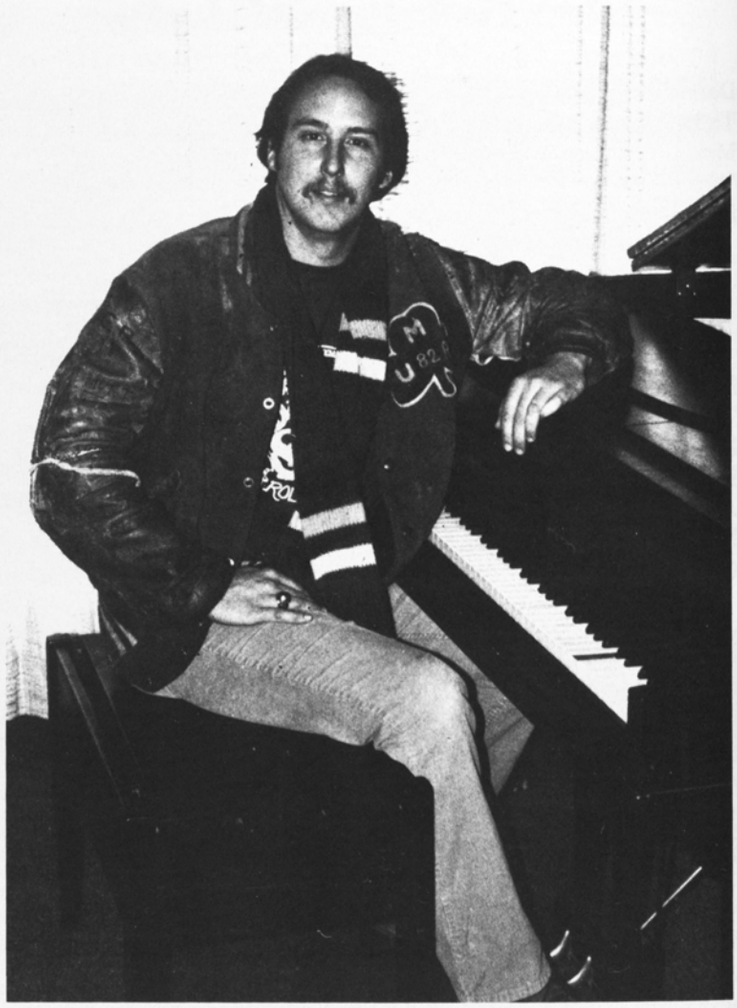
JOHN LUTH

John Luth is a graduate from UMR who was originally from Shrewsbury, MO. He majored in Electrical Engineering while he was actively involved in Phi Kappa Theta (Secretary, Steward), Missouri Miner (Business Manager), Student Union Board, Student Affairs, Blue Key, Alpha Phi Omega, and in the Institute of Electrical and Electronics Engineers.



MIKE AVERY

Mike, from St. Louis, is a Petroleum Engineering graduate. While here at UMR, Mike was actively involved in Beta Sigma Psi (President, and Recording Secretary), President of the St. Pat's Board, a member of Circle K (President, Vice-President, Secretary), AICHE (Vice-President, Reporter), Alpha Phi Omega, Blue Key, and on the Honor Roll.



TIM WHITE

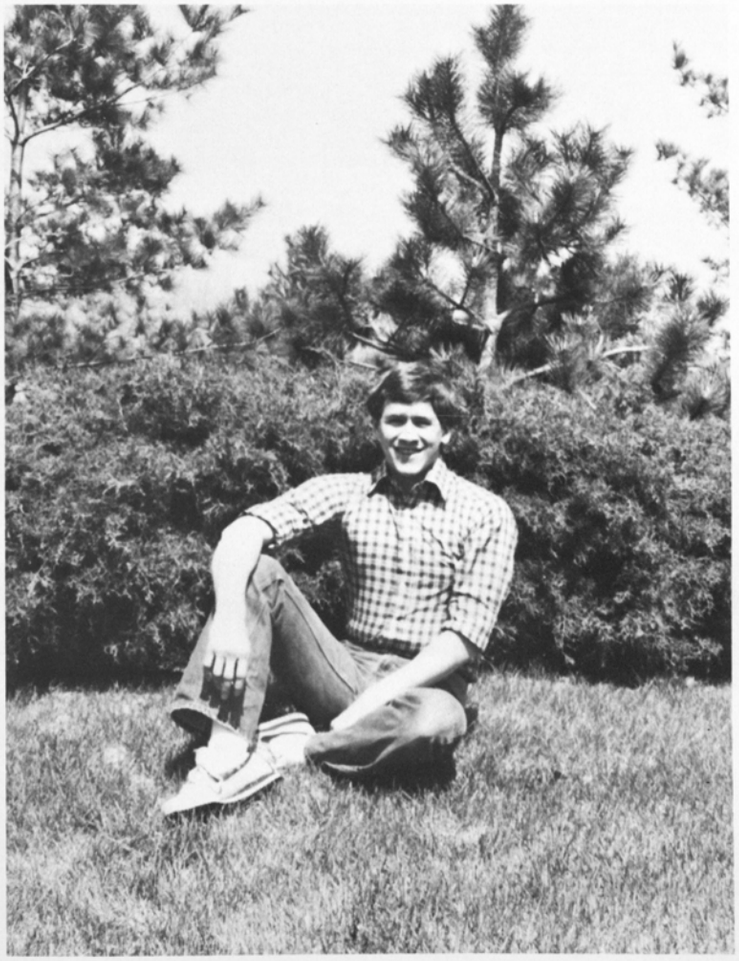
Tim is a graduating senior in Mechanical Engineering from Norborne, MO. He was actively involved in Kappa Kappa Psi (President, Treasurer), JOY Lutheran Group and Choir (President, Vice-President), University Band, Tau Beta Pi, Society of Automotive Engineering, American Ceramic Society, Photography Club, University Vocal Ensembles, Theatre Productions, and received outstanding Bandsman Award.

RODDY ROGERS

Roddy is a Civil Engineer from Springfield, MO. At UMR he was actively involved in Tau Beta Pi, Chi Epsilon, Theta Tau Omega, Secretary of M-Club, a member of Tech Engine and Campus Club, American Society of Civil Engineering, Lettered in Football and Track, and he was honored during National Engineers Week.

SHEILA MCDONNELL

Sheila McDonnell is from Bay St. Louis, Mississippi. She graduated from UMR with a degree in Geophysics. While in school she was involved in Zeta Tau Alpha (President), Society of Exploration Geophysicists (President and Vice-President), Interfraternity Council, Student Union Board, Newman Center, Blue Key, C. L. Dake Geological Society, and Society of Petroleum Engineers.



KEITH MAZACHECK

Keith, from N. Richland Hills, Texas, majored in Mechanical Engineering. He was actively involved in Beta Sigma Psi (Vice-President, Recording Secretary), Editor of Blue Key, Alpha Phi Omega (Recording Secretary), Circle K (Vice-President and Pledge Trainer), American Society of Mechanical Engineers, Society of Automotive Engineers and in the American Institute of Aeronautics and Astronauts.

EDITORS NOTE

Have you ever noticed how fast the time seems to fly by? If you think about it. It has not been that long since you thought you would never get out of High School. Now you're in college and before you know it you will be standing in line to pick up the 'ole' sheepskin. Next you go out make a few million and before you realize it, it's time for retirement.

Well once you find yourself there - and believe me you will be there before you know it - you are bound to want to reflect on those nostalgic days when the big worry was passing calc.

The hope of this year's Rollamo Staff was to produce a representative account of your brief stay at UMR. Not to concentrate on one or two events but instead on the lives and multitude of activities that as a student at UMR you may encounter.

The book is not conventional, we engineered it to meet our objectives not to fit into the mold of every other yearbook.

ENJOY
